

# The 50 MHz DX Bulletin

Volume 18, Issue 9

September 2007

ISSN 1073-1024

The 50 MHz DX Bulletin was founded by Harry Schools K3HS. It is dedicated to the understanding and utilization of long distance propagation in the 6-meter Amateur band. The current editor and publisher is Victor Frank, K6FV. Subscription rates are \$24 U.S. first class mail, \$27 Canada/Mexico airmail, and \$30 by airmail elsewhere for 12 issues. Payments may be made to k6fv through PayPal. Circulation matters and DX reports should be sent to Victor R. Frank, K6FV, 12450 Skyline Blvd., Woodside, CA 94062-4554 USA. My Internet address is victor.frank@sri.com. My web site is <http://www.qsl.net/k6fv>. The bulletin may be freely quoted, provided that credit is given.

## The Aurigids Meteor Shower

The brief meteor shower predicted for September 1 appeared on schedule. Although I was taking long exposures during the whole event, none of the trails were in the field of view of my camera. Meteor trails moving E to W appeared at 1112, 1113, and 1130Z to the north of here. So, the radiant was likely east of here.

## DX Operations

Most of the listings in this column came from SMIRK. Syria, YK9SV: Eight members of the Radio Amateur Association of Greece have announced an expedition to Arwad Is., Syria, where they plan to operate 160-6m (propagation permitting) for ten days sometime between November 1 and 15.

Qatar, A7/G0MKT: Bill will be in Qatar approximately November 1-January 5, planning to operate 40-10m, but is available on 6m if it opens.

Burundi, 9U0A: A multi-op team plans 160-6m operation from September 26-October 9. Reported activity so far was on 1.8, 3.5, 10.1, and 14.1 MHz

The Gambia, C52C Six operators of the Mosquitos Contest Club plan 160-6m operation between October 17-30. The group wants to try to activate Bijol Island (AF-060), but presently doesn't have license and landing permission for the island. Web site <http://www.om0c.com/gambia>.

Sovereign Military Order of Malta, 1A3A, 1A4A: Activity before and after the CQWW SSB contest (October 27-28) using the 1A4A call is planned for 160-2m.

Bahamas, C6APR, C6AXD, C6AQO: will be active on 160-6m from Crooked Island (NA-113) between October 26-29.

Revillagigedo, XF4: XE1YK, Carlos, president of FMRE announced a month-long expedition November 15-December 15 to celebrate FMRE's 75th anniversary. Callsigns of 6E4LM and XF4YK have been requested. Operators plan to focus on 160 and 6m, but will be on the other HF bands as well.

Grenada, J3: A large group of radio amateurs from the USA will be on Grenada between October 25-30 for the CQ WW SSB contest. Look for then on 50.110 on 6m.

Turks & Caicos, VP5/W1AI: will be active on 160-6m from Provo (NA-002) September 1-8.

St. Helena Is., ZD7X, Tom, KC0W, is now on St. Helena and is planning 160-6m operation. So far, activity reported has been only on 3.5, 7.0, 14.1, and 18.1 MHz.

## Aug-Sept 2007 DX Reports

The following reports of 50 MHz DX propagation are courtesy of K6QXY, and postings on the Internet. Apologies to any sources I may have inadvertently neglected.

Listings obtained from the OH2AQ reflector include distances in kilometers. These are determined preferentially from the grids in the post, and otherwise from one or both of the prefixes of the calls. Note that the latter results in VERY rough approximations to the distances, especially for large countries and call areas.

The first entry is *mmddhhii*, where *mm* is the month, *dd* is the day of the month, *hh* is the hour UTC, and *ii* is the minutes after the hour. The year is understood to be 2007. Symbols just before the call of the reporting station include: V=Video Carrier, I=Inband video sidebands, F=FM audio, B=beacon, C=CW, D=Telemetry Data, J=Digital, typically JT6M or JT65A for EME, R=RTTY, S=SSB, W=mode not mentioned (or both CW & SSB), H=heard only, BSc = backscatter, MS = meteor scatter.
